Profile

I am a dedicated and enthusiastic second-year Btech student at Vellore Institute of Technology, with a strong interest in programming and web development. I have foundational knowledge in C, Java, Python, HTML, CSS, and Linux. Eager to gain hands-on experience, I am actively seeking opportunities to apply and expand my technical and problem-solving skills in a professional environment.

Languages

Telugu,English

Projects

Arduino radar

I developed a radar-like object detection system using an Arduino UNO, ultrasonic sensors, and a servo motor. The project involved scanning a 180° area to detect objects and measure distances in real time.

Food Express-Food ordering system

Developed a dynamic and responsive Food Ordering System website using HTML, CSS, JavaScript, PHP, and MySQL. The platform enables users to browse restaurant menus, register and log in, add items to the cart, place online orders, and track their order status in real-time.

Skills

Technical Skills

- HTML
- CSS
- c Programming
- Java
- Python
- My SQL
- DBMS
- DSA(Python,Java,C++)

Certificates

- Has received Master Minds Prathibha Puraskaram with certificate ,cash prize and Certified of self - placed training course conducted by MathWorks and Qualified in MTSO Olympiad exam.

Education

Vellore Institute of Technology

Amaravati, India

Bachelor of Engineering

Computer Science and Engineering

Sri Chaitanya Juniour collage

2023

Intermediate(11th,12th Borads)

Percentage:97
